1) Welcome

2) Public Comments

Vanessa - Question about cursive writing. Does anyone have a concern about students not learning cursive writing?

It's being offered as a free steam class in third grade.

Will this impact us as we are being asked to read more Primary Source documents?

3) Discussion of Various School Improvement Plan (SIP) Formats:

We want to share all of these SIPs and look at the format, analyze, and find the commonality to build a new format.

Who is our audience, who are we formatting it for?

We craft the document here in School Advisory Council, Dennet and Matt present it to SC and it is used as a working document. We update and present our achievements.

We favor having an explanation of what our SIP is and why we have it.

Items we would like our SIP to have:

- Cover Page Vision, Mission, Core Values,
- Smart Goal and Rationale before the chart begins
- Landscape Style
- Heading to come down each page/template
- Resources
- Expected Outcomes
- Responsibility
- Time Frame
- Evidence of Accomplishment or Measurement of Success
- Action Steps

The committee reviewed the following communities SIPs on 1/8/20 (*We will review the remaining SIPs at our meeting on February 12, 2020):
